Here's your latest DOUGZ Enewz. Always something happening here and the best way to keep up with us daily is to 'Like' the DOUGZ Custom Facebook page. It's easy, it's fun and best of all it's **FREE!** Click on the link near the bottom of the Enewz and enjoy!

If you're a regular subscriber you may have noticed we added Drag Specialties, Custom Chrome and S&S company logos under the header to call attention to the fact that DOUGZ is an Authorized Dealer for their products. Give us a call if you're looking for something, we'll be happy to get you hooked up with the parts you need for your project. Here's a short list of a few more of the companies we regularly get products from on our customizing projects: **Performance Machine, HHI, RC Components, Baker Drivetrain, Renegade Wheels, Arlen Ness, Barnett, Fat Baggers Inc., Klockwerks, Vance & Hines, Corbin seats, Bassani Exhaust, Rolling Thunder Frameworks, the list goes on...**

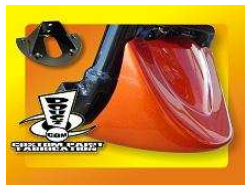

DOUGZ offers a progressive discount program as well, and this ain't no silly 'FuNnY mOnEy' program, no sir – this is a straight up percentage discount right off the retail price ON THE SPOT. Here's how it works: Once you've spent \$500 bucks here you get a 5% discount on ANY parts, once you've reached \$1500 in parts or paint work you qualify for a 10% discount on parts (with the exception of complete engines, transmissions and chassis), and finally once you hit the magic \$5000 in parts or paint work you get a 15% discount, minus of course the earlier mentioned engine, tranny, chassis exceptions. So why would you want to give your business to some out-of-state discount warehouse that won't give you FREE advice? It makes no sense! Keep it local and buy your goodies from DOUGZ! We've been in business here in La Crosse since 1988 and the motorcycle business since 1995. **We're not going anywhere – you shouldn't be going anywhere else!**

and speaking of not going anywhere...

If you occasionally toss your bike on a trailer and want it to STAY THERE you need to take a serious look at the FrameLock Motorcycle Transporting device! I really shouldn't be telling you guys about this because over the years I've made a nice chunk of money repairing bikes that have fallen over in enclosed trailers and yes I've even done an insurance repair job on a bike that fell OFF of an open trailer! So why am I telling you about it? Well honestly, because DOUGZ is an authorized FrameLock dealer and I'd rather make a quick easy buck selling you a product that'll keep your pride and joy in top condition, as opposed to seeing your sad faces in my shop, snivelin' about how STUPID you feel for not getting the FrameLock BEFORE your bike became an insurance claim. Sooner or later those tie downs are gonna fail. Wouldn't you rather hand over a few hundred instead of a few THOUSAND? It's your call & I'm here for you either way! Click [HERE](#) to learn more.

FL chin fairing

Dyna chin fairing

Rapper

Donster skull

XL chin fairing

Deuce Bobtail

Here are a few products available exclusively from DOUGZ. The FL chin fairing was created to fit 2009/later bagger models that run the OEM oil cooler while retaining the stock front fender. The Dyna Chin fairing fits all Dyna models from 2006 to present. The Rapper air filter embellishment is a slick way to add color to the engine area of your bike when you're running a High Performance S&S Teardrop air cleaner. The Donster skull is DOUGZ answer to the plain Jane OEM backrest mounting plate for the touring models. The XL Chin fairing fits all models from 1986 on up and adds a nice touch of color to an otherwise boring area of your Hotrod XL. The Deuce Bobtail is specifically designed to work with all the stock components (fender struts, backrest, seat, etc.) on the Deuce models. All DOUGZ parts ship FREE to anywhere in the lower 48 and as with any Genuine DOUGZ products these are discounted 10 percent as an in-store purchase. **Click on any of the images.**
